Neighbourhood Plan Review

Did you know that Arnesby has a neighbourhood plan? Did also know that the plan is currently under review? What should be included in a Neighbourhood plan? A neighbourhood plan is about the use and development of land and may contain a vision, aims, planning policies, proposals for improving the area or providing new facilities, or allocation of key sites for specific kinds of development. David Johnson, Chairman of the Parish Council, is heading up the review with a trusty team of villagers. **There will be a open day at the Village Hall, currently planned for Saturday 11th February**, to advise you on the progress of the plan and allow you to have your say. If you have any questions before hand, David and his team will be happy to oblige.

Arnesby Verges Project

Great News! **Zandra Byatt** has been successful in applying for funding towards a project to look at the verges in Arnesby. We are now looking for input from the village about the final plans. Should we mow them? Plant wildflowers? Leave them alone? Convert them into Brunel inspired aqueducts? Zandra will be reaching out to you all in future newsletters and via the village Facebook Group for your input. Watch this space!

Speeding Within The Village

There has been some concerns raised around the speed of vehicles through the village. Speed signs were put on the top road to discourage speeding, but it was felt it was also an issue through the village itself. Mainly down to delivery drivers, not the esteemed residents of Arnesby!! To that end we will shortly be receiving a batch of speeding signs intended to be stuck on wheely bins, as you may have seen in other villages. These will be arriving soon and will be distributed with the next newsletter. However, if you can't wait that long, email the Parish Council at the NEW EMAIL ADDRESS BELOW, and we'll get one to you.

Arnesby Parish Council Email Address –

Please note that the general email address for the Arnesby Parish Council has changed. All emails previously sent to tcanearnesby@googlemail.com should now be sent to arnesbypc@gmail.com we are still monitoring the old email address.

Digitisation of Super 8 or Standard 8 Films – Carol Stevenson (James, Chloe's and Lotties mum)

"My lovely Dad recently found loads of Super 8 and Standard 8 films in his attic a few months ago, so I bought a digitiser to see what was on them - no less than my parents' wedding, and mine and my sisters' christenings, among many other amazing childhood moments long forgotten. Just so incredibly special and I am sure that many Arnesbians will have similar reels in their own attics.

So, I'm offering **for free to anyone in the village**, if you have any Standard 8 or Super 8 films you'd like to see again, I can put them onto an mp4 file for you. To cover some of the purchase cost of the digitiser, I'm asking for £5 per roll for anyone outside of the village. **Please call Carol on 07974 306 933 or pop into Longeaves to discuss."**
